1. This Office action is in response to the RCE amendment filed 6/7/05 and the terminal disclaimer filed 8/2/05.

2. The terminal disclaimer filed on 8/2/05 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of USP 6,930,070 has been reviewed and is accepted. The terminal disclaimer has been recorded.

3. The following is an examiner's statement of reasons for allowance: all obviousness type double patenting rejections have been overcome with the three proper terminal disclaimers filed. The 35 USC 112, first paragraph scope of enablement rejection has been overcome by the narrowing of the present claims to include only metallocenes as the catalyst compounds. The prior art has been overcome due to the reasons of record in the Advisory Action mailed 5/20/05.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
